

## Internationale Grüne Woche

The representatives of the State Agricultural Intervention Fund led by Mr. Martin Šebestyán, Director General, attended the Internationale Grüne Woche, the international exhibition of the food, agriculture and gardening industries, which takes place in Berlin from 19<sup>th</sup> to 28<sup>th</sup> January 2018.

The SAIF together with the Ministry of Agriculture of the Czech Republic prepared a national exposition, which includes a presentation of quality food producers. On an area of 145 m<sup>2</sup>, the Czech Republic introduces eight producers, six of which received Regional Food and two of them Klasa quality marks. These producers are presenting a various range of products from dumplings and beer to bakery products. The Czech exposition is traditionally located in the hall number 8.2.

If you are planning a trip to Berlin these days, do not hesitate to come and support the Czech producers!
