

## Delegation of the Bulgarian Ministry of Agriculture, Food and Forestry´s Representatives at the SAIF

In the margins of the International Workshop on the Promotion Policy EU hosted by the Ministry of Agriculture of the Czech Republic in cooperation with the State Intervention Agricultural Fund (SAIF) on 18 April 2018 in Prague, the delegation of the Bulgarian officials from the Ministry of Agriculture, Food and Forestry of Bulgaria continued their expert mission at the State Intervention Agricultural Fund (SAIF) on 19 April 2018 in the morning.

The discussion focused on the very particular and complicated issues related to the national promotion programmes management. The Bulgarian officials highly appreciated such a targeted expert knowledge exchange as also did their colleagues from the SAIF´s Promotion Unit.

Once the debate being over, it was more than clear that even if the principles and guidelines of the promotion working agenda are more or less the same across the EU due to the EU regulation, there are always national law, practices and inputs and outputs in the EU Member States which make the working agenda different from each other and therefore requiring comparison and knowledge exchange.
